Only you, or someone legally authorized to act on your behalf, may make a verifiable consumer request related to your personal information. You may also make a verifiable consumer request on behalf of a minor child for whom you are a parent or legal guardian.

You may only make a verifiable consumer request for access or data portability twice within a twelve (12) month period. The verifiable consumer request must provide sufficient information that allows us to reasonably verify that you are the person about whom we collected personal information or an authorized representative, which may include:

- Your name
- Your address
- Additional information depending upon the type of request and the sensitivity of the information involved with such request.

Making a verifiable consumer request does not require you to create an account with us. However, we will consider requests made through a password-protected online account that you maintain with us to be sufficiently verified when the request relates to personal information associated with that online account, provided such online account functionality is then made available by us on the Site.

We will only use personal information provided in a verifiable consumer request to verify the requestor’s identity or authority to make the request.

If you do not have an online account with us, or such functionality is not available for your online account we will deliver our written response by mail or electronically, at your option.

Any disclosures we provide will only cover the twelve (12) month period immediately preceding the verifiable consumer request’s receipt. The response we provide will also explain the reasons we cannot comply with a request, if
applicable. For data portability requests, we will select a format to provide your personal information that is readily usable and should allow you to transmit the information from one entity to another entity without hindrance.

We do not charge a fee to process or respond to your verifiable consumer request unless it is excessive, repetitive or manifestly unfounded. If we determine that the request warrants a fee, we will tell you why we made that decision and provide you with a cost estimate before completing your request.

- Suggest that you may receive a different price or rate for goods or services or a different level or quality of goods or services.

However, we may offer you certain financial incentives permitted by the CCPA that can result in different prices, rates, or quality levels. Any CCPA-permitted financial incentive we offer will reasonably relate to your personal information’s value and contain written terms that describe the program’s material aspects. Participation in a financial incentive program requires your prior opt in consent, which you may revoke at any time.
